Sanidiamonds
apartments & studios

We stay Covid 19 free

Dear guests,

Sanidiamonds applies the National Health Protocol for Tourism Business and introduced all necessary hygiene and prevention measures for all of us.

- Personal Protective Equipment available to our facilities
- Personnel trained according to guidelines
- Flexible and safe check in / check out procedures
- Enhanced room cleaning protocol in line with health guidelines
- Staff access to guest's apartment and linen change only upon request
- Increased pool water quality control
- Sunbeds sanitization after each use
- Public and bar areas that ensure social distancing

Accommodation

- Studios and apartments are deep cleaned and sanitized before your arrival
- Kitchen equipment is sanitized
- Our linens are cleaned and dried professionally
- Housekeeping will be done only upon request therefore we will need your collaboration for garbage disposal.
- Airconditions systems sanitized
- Personal Protective Equipment available

Pool bar and public areas

- Sanidiamonds pool bar is cleaned and sanitized daily.
- Pool is cleaned daily
- Water quality is tested and controlled according to Health protocol guidelines
- Please use the shower before and after usage of the pool
- Do not enter the pool if there are more than 5 persons
- Pool bal WC is cleaned and disinfected daily and Health equipment is available but we strongly recommend to use it as less as possible
- Furniture and sunbeds are cleaned after their use

Personal data record and protection

We are obliged to keep guest's data (name, nationality, period of staying, tel, email) according to National Health Protocols. We will not elaborate or share your personal data to other third parties apart from the competent National Health authorities and only in case is needed.
